Please keep your sales receipt and keep the record of the serial number and the date of purchase in order to receive warranty parts and service he serial number is located at the back of the TV.

Date of Purchase

### Safety Precautions

Read these instructions

2. Keep these instructions 3. Heed all warnings.

5. Do not use this apparatus near water. For example, do not use near a laundry tub, in a wet basement, or near a swimming pool, and the like.

6. Clean only with dry cloth.

7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions. Slots and openings in the cabinet back or bottom are provided for ventilation, to ensure reliable operation of the TV and to protect it from overheating. These openings must not be blocked or covered. The openings should never be blocked by placing the TV on a bed, sofa, rug, or other

8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that

9. Do not defeat the safety purpose of the polarized or groundingtype plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety, If the provided plug does not fit into your outlet, consult an

10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

12. Use only with cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus

When a cart is used, use caution when moving the cart/apparatus

A TV and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the TV and cart combination to overturn.

13. Unplug this apparatus during lightning storms or when unused for long periods of time.

For added protection for this TV receiver during a lightning storm. or when it is left unused for long periods of time, unplug it from the

wall outlet and disconnect antenna or cable system. This will prevent damage to the TV due to lightning and power line

surges.

14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has

been dropped. 15. This TV should be operated only from the type of power supply

If customer is not sure the type of power supply in your home consult your appliance dealer or local power company. For TV remote control battery power, refer to the operating instructions.

16. The TV set shall not be exposed to dripping or splashing. No objects filled with liquids, such as vases, shall be placed on the TV set.

### **Cable Connections**

Check the accessories that are packed with your TV. (refer to Quick Start Guide)

Setup TV Table Stand

20. Do not place this TV on an unstable cart, stand, tripod, bracket, or table. The TV may fall, causing serious injury to someone, and Select TV Location serious damage to the appliance. Select a flat, stable table to place your TV set, Please follow the

21. Do not attempt to service this TV by yourself because opening or removing covers may expose you to dangerous high voltage or other hazards. Refer all servicing to qualified service personnel. Connection and Using

22. This device complies with Part 15 of the FCC Rules, Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

17. Never push objects of any kind into this TV through openings

as they may touch dangerous voltage or other electrical parts that could result in fire or electric shock. Never spill liquid of any kind into

18. Unplug the TV from the wall outlet before cleaning. Do not use

19. This TV should never be placed near or over a radiator or heat

resource. This TV should not be placed in a built-in installation such

as a bookcase or rack unless proper ventilation is provided or the

liquid or aero cleaners. Use a damp cloth for cleaning.

manufacturer's instructions have been adhered to.

23. WARNING: To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation

24. To reduce the risk of electric shock, the grounding of center pin of plug must be maintained.

5. If an outside antenna or cable system is connected to the TV, be sure the antenna or cable system is grounded to provide some protection against voltage surges and built-up static charges. Section 810 of the National Electrical Code, ANSI/NEPA NO.70. provides information with respect to proper grounding of the mast antenna discharge unit, size of grounding conductors, location of antenna discharge unit, connection to grounding electrodes, and requirements for the grounding electrodes. (See figure A)

Safety Stran

Caution: Pushing, pulling or climbing on the TV may cause the TV falling. Do not let children climb or hang on the TV. Always place the V on a sturdy, level, stable surface that can hold the weight of TV. And if possible, secure the TV according to the instruction below (Note: The fastening components such as screws are not supplied

Step one: Insert the M6 mounting screws into the upper two wall mounting screw holes and fasten them (Figure B). Step two: Insert anchors to wall and connect the bolts and anchors with ropes or chains (Figure C).

### **Preparation for Your New TV**

Before Turning On TV

Check Accessories

Please refer to Quick Start Guide to carry out stand installing.

safety instructions when placing the TV.

After placing your TV properly, you can connect the TV with power

supply and cable components. For further information, see page 5

Choose Your Connections

TV LED24G45RQD supports various connections to other devices (such as DVD, VCR, Set-top box, etc.). Please follow the table to choose the cables which adapt to your device.
