## Important Safety Instructions

**SAMSUNG**

### Warning! Important Safety Instructions

Please read the safety instructions below before installing and using the product.

#### CAUTION

##### RISK OF ELECTRIC SHOCK. DO NOT OPEN.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). THERE ARE NO USER SERVICEABLE PARTS INSIDE. REFER ALL SERVICING TO QUALIFIED PERSONNEL.

This symbol indicates that high voltage is present inside. It is dangerous to make any kind of contact with any internal part of this product.

This symbol indicates that important literature concerning operation and maintenance has been included with this product.

- The slots and openings in the cabinet and in the back or bottom are provided for necessary ventilation. To ensure reliable operation of this apparatus, and to protect it from overheating, these slots and openings must never be blocked or covered.
  - Do not cover the slots and openings with a cloth or other materials.
  - Do not block the slots and openings by placing this apparatus on a bed, sofa, rug or other similar surface.
  - Do not place this apparatus in a confined space, such as a bookcase or built-in cabinet, unless proper ventilation is provided.
- Do not place this apparatus near or over a radiator or heat register, or where it is exposed to direct sunlight.
- Do not place a vessel containing water (vases etc.) on this apparatus, as this can result in a risk of fire or electric shock.
- Do not expose this apparatus to rain or place it near water (near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool etc.). If this apparatus accidentally gets wet, unplug it and contact an authorized dealer immediately.
- Make sure to pull out the power cord from the outlet before cleaning.
- This apparatus use batteries. In your community, there might be regulations that require you to dispose of these batteries properly to protect the environment. Please contact your local authorities for disposal or recycling information.
- Do not overload wall outlets, extension cords, or adaptors beyond their capacity, since this can result in fire or electric shock.
- Power-supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them. Pay particular attention to cords at the plug end, where connected to adaptors, and at the point where they exit from the apparatus.
- To protect this apparatus from a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the set due to lightning and power line surges.
- Before connecting the AC power cord to the DC adaptor outlet, make sure the voltage designation of the DC adaptor corresponds to the local electrical supply (depending on the model).

- Never insert anything metallic into the open parts of this apparatus. Doing so may create a danger of electric shock.
- To avoid electric shock, never touch the inside of this apparatus. Only a qualified technician should open this apparatus.
- Make sure to plug the power cord in until it is firmly inserted. Pull on the plug, not the cord, when removing the power cord from the outlet. Do not touch the power cord with wet hands.
- If this apparatus does not operate normally - in particular, if there are any unusual sounds or smells coming from it - unplug it immediately and contact an authorized dealer or service center.
- Be sure to pull the power plug out of the outlet if the TV is to remain unused or if you are to leave the house for an extended period of time (especially when children, elderly, or disabled people will be left alone in the house).
  - Accumulated dust can cause an electric shock, an electric leakage, or a fire by causing the power cord to generate sparks and heat, or cause the insulation to deteriorate.
- Be sure to contact an authorized service center, when installing your set in a location with heavy dust, high or low temperatures, high humidity, chemical substances or where it will operate for 24 hours a day such as in an airport, a train station, etc. Failure to do so may cause serious damage to your set.
- Use only a properly grounded plug and receptacle.
  - An improper ground may cause electric shock or equipment damage. (Class I Equipment only.)
- To turn off the apparatus completely, you must pull the power plug out of the wall socket. Consequently, the power plug should be readily accessible at all times.
- Do not allow children to hang on the product.
- Store the accessories (batteries, etc.) in a location safely out of the reach of children.
- Do not install the product in an unstable location such as a shaky shelf, a slanted floor, or a location exposed to vibration.
- Do not drop or impart a shock to the product. If the product is damaged, disconnect the power cord and contact a service center.
- To clean the product, unplug the power cord from the power outlet and wipe the product using a soft cloth dipped in a small amount of water. Do not use any chemicals such as wax, benzene, alcohol, thinners, insecticide, air freshener, lubricant or detergent. These chemicals can damage the appearance or erase the printing on the product.
- Do not expose the apparatus to dripping or splashing.
- Do not dispose of batteries in a fire.
- Do not short circuit, disassemble, or overheat the batteries.
- There is a danger of explosion if you replace the batteries with the wrong type of battery. Replace only with the same or equivalent type.
- **WARNING - TO PREVENT THE SPREAD OF FIRE, KEEP CANDLES OR OTHER OPEN FLAMES AWAY FROM THIS PRODUCT AT ALL TIMES.**

A detailed User's Manual is built into your TV. For more information about how to view this e-Manual, see page 11.

Figures and illustrations in this User Manual are provided for reference only and may differ from actual product appearances. Product design and specifications may be changed without notice.

## Still image warning

Avoid displaying still images (such as jpeg picture files) or still image elements (such as TV channel logos, the panorama or 4:3 image format, stock or news bars at the screen bottom etc.) on the screen. Displaying still images for long periods of time can cause image burn-in, which will affect image quality. To reduce risk of this effect, follow the recommendations below:

- Avoid displaying the same TV channel for long periods.
- Try to display images in full screen mode. Use the TV's picture format menu or the remote's P.Size button to adjust the size of the picture so that images fill the screen.
- Reduce brightness and contrast values to the minimum required to achieve desired picture quality. Exceeding these values may speed up the burn-in process.
- Frequently use all TV features designed to reduce image retention and screen burn-in. Refer to the proper section of the e-manual for details.

## Providing Proper Ventilation for Your TV

When you install your TV, maintain a distance of at least 4 inches between the TV and other objects (walls, cabinet sides, etc.) to ensure proper ventilation. Failing to maintain proper ventilation may result in a fire or a problem with the product caused by an increase in its internal temperature.

- ✎ Whether you install your TV using a stand or a wall-mount, use parts provided by Samsung Electronics only.
  - If you use parts provided by another manufacturer, it may cause difficulties with the product or result in injury caused by the product failing.

## List of Features

- **Media Play:** Media Play lets you access, view, or play photos, videos, or music located on USB devices, digital cameras, cell phones, and PCs.
- **e-Manual:** Provides a detailed, on-screen user's manual built into your TV. See page 11.

## Accessories and Cables

- Please make sure the following items are included with your TV. If any items are missing, contact your dealer.
- The items' colors and shapes may vary depending on the model.
- Check that there are no accessories hidden behind or under packing materials after you open the box.

- Remote Control & Batteries (AAA x 2)
- Owner's Instructions
- Power Cord
- Warranty Card / Regulatory Guide

- Cable Holder
- Assembling the Cable Holder

### Input Cables (Sold Separately)

To purchase an HDMI cable, contact [www.SamsungParts.com](http://www.SamsungParts.com).

HDMI

HDMI-DVI

Component

Composite (AV)

Coaxial (RF)

- Make sure you have the correct cable before plugging it in. Illustrations of common plugs and jacks are below.

	Cable Plugs	Ports/Jacks
HDMI		
USB		
Optical		

Do not insert cable plugs in the wrong or opposite direction. You can damage the TV port/jack.

- For the best cable connection to this product, use cables no thicker than the cable illustrated below:

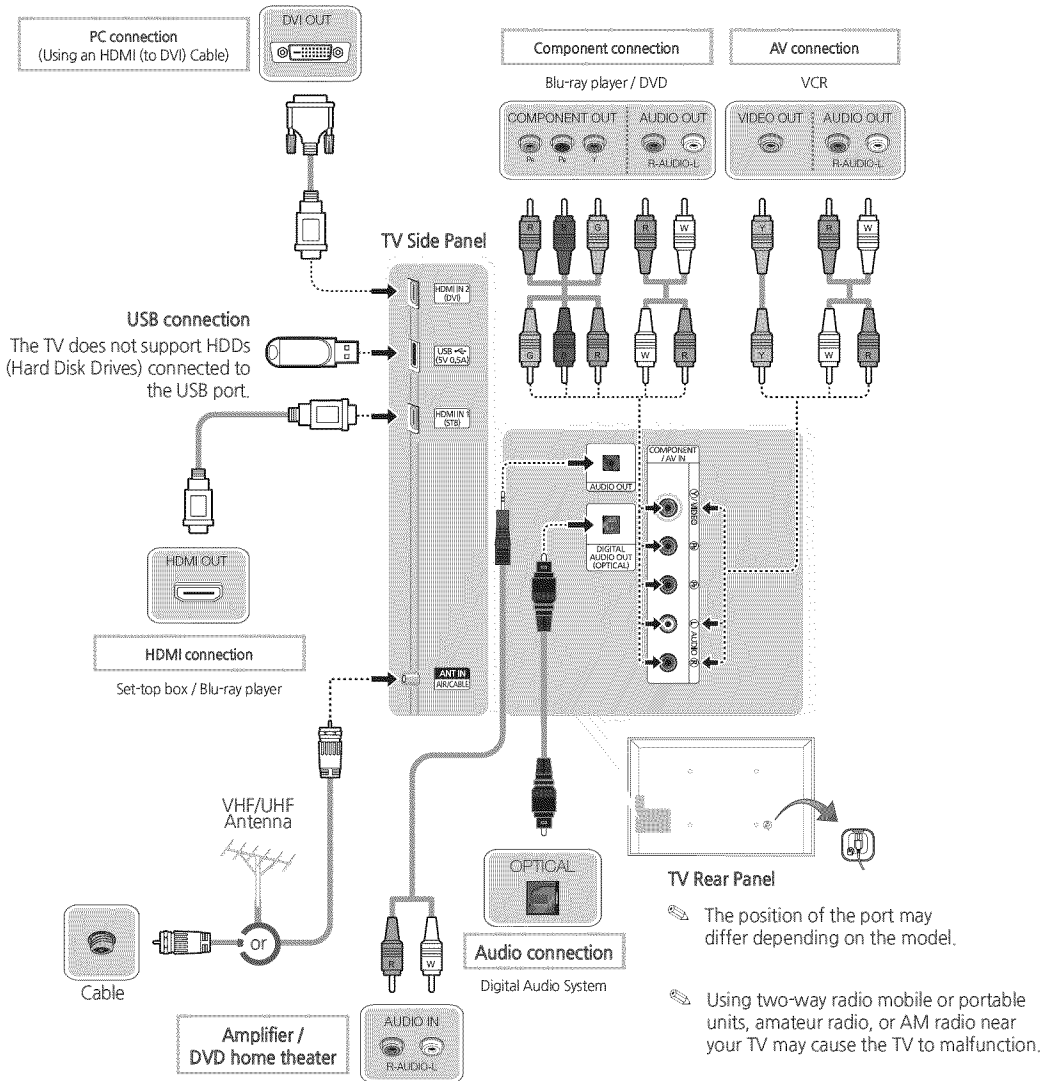

- Maximum thickness - 0.55 inches (14mm)

## Making Connections

Connect your TV to an antenna or cable connection, and then connect your peripherals. When done, connect the power cord to the TV, and then connect the power cord to an AC wall outlet. If you are connecting your TV to a cable or satellite box using HDMI, Component, or Composite connections, you do not need to connect the ANT IN jack to an antenna or a cable connection.

- For the best picture and audio quality, connect digital devices using an HDMI cable.
- If you connect an external device to the TV that uses an older version of HDMI, the video and audio may not work. If this occurs, ask the manufacturer of the device about the HDMI version and, if it is out of date, request an upgrade.
- Be sure to purchase a certified HDMI cable. Otherwise, the picture may not display or a connection error may occur.
- PC/DVI AUDIO IN input is not supported.
- For a set-top box connection using an HDMI cable, we highly recommend you connect the cable to the HDMI IN 1 (STB) port.
- For an HDMI to DVI cable connection, you must use the HDMI IN 2 (DVI) jack.
- If you connect a device to the HDMI IN 2 (DVI) port using an HDMI to DVI cable, the audio will not work. DVI does not transmit audio. You must add a separate audio connection.
- For PCs with DVI video out jacks, use an HDMI to DVI cable to connect the DVI out on the PC to the HDMI IN 2 (DVI) jack on the TV. Use the PC's speakers for audio.

## HDMI Input Display Modes.

If you have attached your TV to a PC (or other external device) through an HDMI port, you can select one of the standard resolutions listed in the Resolution column for your PC's video output. The TV will automatically adjust to the resolution you choose. However, we recommend setting your PC (or other external device) to the TV's optimal resolution. The optimal resolution for Series 4 TVs is 1024 x 768@60Hz. The optimal resolution for Series 5 TVs is 1920 x 1080@60 Hz.

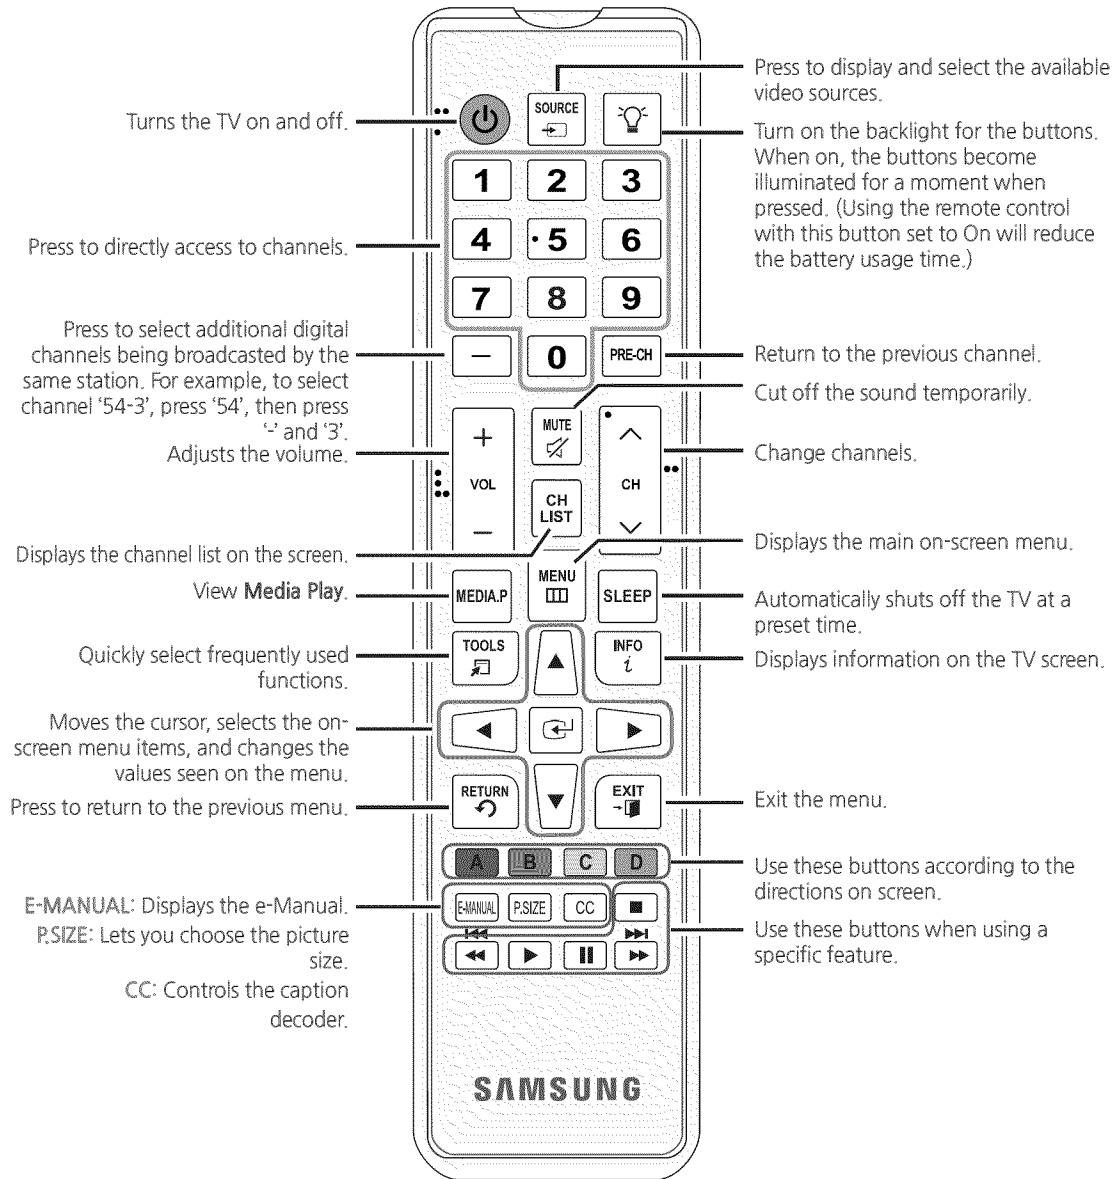

Mode	Resolution	Horizontal Frequency (KHz)	Vertical Frequency (Hz)	Pixel Clock Frequency (MHz)	Sync Polarity (H / V)	1024 x 768	1920 X 1080
IBM	720 x 400	31,469	70,087	28,322	-/+	✓	✓
MAC	640 x 480	35,000	66,667	30,240	-/-	✓	✓
	832 x 624	49,726	74,551	57,284	-/-	✓	✓
	1152 x 870	68,681	75,062	100,000	-/-		✓
VESA DMT	640 x 480	31,469	59,940	25,175	-/-	✓	✓
	640 x 480	37,861	72,809	31,500	-/-	✓	✓
	640 x 480	37,500	75,000	31,500	-/-	✓	✓
	800 x 600	37,879	60,317	40,000	+/+	✓	✓

1920 x 1080	67,500	60,000	148,500	+/+		✓	

 The interlaced mode is not supported.

 The TV might operate abnormally if you select a non-standard video format.

## The Remote Control Buttons

This remote control has Braille points on the Power, Channel, and Volume buttons and can be used by visually impaired persons.

## Installing the Batteries Into the Remote

### Installing batteries (Battery size: AAA)

#### NOTE

- Install the batteries so that the polarity of the batteries (+/-) matches the illustration in the battery compartment.
- Use the remote control within 23 feet of the TV.
- Bright light may affect the performance of the remote control. Avoid using when near fluorescent lights or neon signs.
- The color and shape may vary depending on the model.

## Changing the Input Source

### Source

When you are watching TV and you want to watch a movie on your DVD player or Blu-ray player or switch to your cable box or STB satellite receiver, you need to change the Source.

1. Press the **SOURCE** button on your remote.
2. Select a desired external input source.

#### ■ TV / HDMI1 / HDMI2/DVI / AV / Component

 You can only choose external devices that are connected to the TV. In the **Source** list, connected inputs are highlighted.

### How to Use Edit Name

**Edit Name** lets you associate a device name to an input source, for example, Blu-ray to HDMI 1. To access **Edit Name**, press the **TOOLS** button when the **Source** list is displayed. The following selections appear under **Edit Name**:

VCR / DVD / Cable STB / Satellite STB / PVR STB / AV Receiver / Game / Camcorder / PC / DVI PC / DVI Devices / TV / IPTV / Blu-ray / HD DVD / DMA

Select the name of the device connected to each input jack to make your input source selection easier. When you view the **Source** list, the device name and the input jack will be displayed together.

-  If you have connected a PC to the HDMI IN 2(DVI) port with an HDMI cable, select **PC** under **Edit Name** when you enter a device name.
-  If you have connected a PC to the HDMI IN 2(DVI) port with an HDMI to DVI cable, select **DVI PC** under **Edit Name** when you enter a device name.
-  If you connected an AV device to the HDMI IN 2(DVI) port with an HDMI to DVI cable, select **DVI Devices** under **Edit Name** when you enter a device name.

### Information (in the Edit Name function)

Displays detailed information about the connected external device.

## Configuring the Basic Settings in Initial Setup

When you turn the TV on for the first time, a sequence of screens and on-screen prompts will assist you in configuring the TV's basic settings. Plug the power cord into a wall outlet, and then press the **POWER** button to turn on the TV. Configure your TV's basic settings in the initial setup by following the instructions on your TV's screen.

-  **Setup** is available only when the **Source** is set to **TV**.
-  If you are not using a cable box or satellite box, make you sure have connected the TV to an antenna or cable connection before you turn on the TV.

### If You Want to Re-run Setup...

 **MENU** → **System** → **Setup** → **ENTER** 

## How to Navigate Menus

Your TV's Main and Tools menus contains functions that let you control the TV's features. For example, in the Main menu you can change the size and configuration of the picture, its brightness, its contrast and so on. There are also functions that let you control the TV's sound, channel configuration, energy use, and a host of other features. To access the main, on-screen menu, press the **MENU** (III) button on your remote. To access Tools menus, press the **TOOLS** button. Tools menus are available when the **TOOLS** menu icon is displayed on the bottom right of the screen.

The illustration below displays the buttons on the remote you use to navigate the menus and select and adjust different functions.

- 1 **MENU** button: Displays the main on-screen menu.
- 2 **ENTER** and **Direction** buttons: Use the **Direction** buttons to move the cursor and highlight an item. Use the **Enter** button to select an item or confirm the setting.
- 3 **RETURN** button: Returns to the previous menu.
- 4 **EXIT** button: Exits the on-screen menu.
- 5 **TOOLS** button: Displays the Tools menus when available.

### How to Operate the Main Menu (OSD - On Screen Display)

The access steps may differ depending on the menu option you select.

- 1 **MENU**  
The main menu options appear on the screen:  
**Picture, Sound, Broadcasting, Applications, System, Support.**
- 2 **▲ / ▼**  
Select a main menu option on the left side of the screen with the **▲** or **▼** button.
- 3 **ENTER**  
Press **ENTER** to access the sub-menus.
- 4 **▲ / ▼**  
Select the desired submenu with the **▲** or **▼** button.
- 5 **◀ / ▶**  
Adjust the value of an item with the **◀** or **▶** button. The adjustment in the OSD may differ depending on the selected menu.
- 6 **ENTER**  
Press **ENTER** to confirm the selection.
- 7 **EXIT + [ ]**  
Press **EXIT**.

## Using the TV's Controller (Panel Key)

You can turn on the TV using the Remote Control or the TV's Controller, a small joystick-like button on the back of the TV in its lower-left corner. You can also use the TV's Controller to operate the TV without the Remote Control.

- To close the **Menu**, **Media Play**, or **Source** screens, press the Controller for more than 1 second.
- When selecting a function by moving the controller backwards, forwards, left, or right, be sure not to press up on the controller. If you press up first, it will not operate properly when you move it.
- The product color and shape may vary depending on the model.

### Standby mode

Your TV enters Standby mode when you turn it off and continues to consume a small amount of electric power. To be safe and to decrease power consumption, do not leave your TV in standby mode for long periods of time (when you are away on vacation, for example). It is best to unplug the power cord.

## How to View the e-Manual

E-MANUAL

You can find instructions for your TV's features in the e-Manual in your TV. To use the e-Manual, press the E-MANUAL button on your remote. Move the cursor using the right/left buttons to highlight a main category. Use the up/down buttons to select a topic, and then press the ENTER button. The e-Manual displays the page you want to see. To change pages, use the right/left buttons.

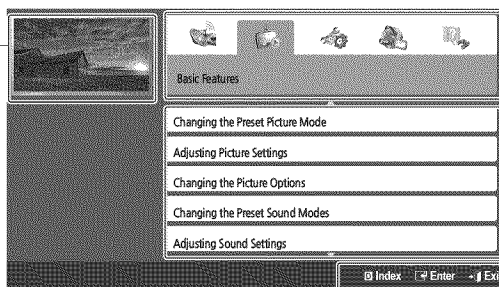

You can also access the e-Manual through the menu:

MENU → Support → e-Manual → ENTER

- Many e-Manual topics provide a Try Now feature. Select Try Now to go to and try the corresponding OSD Menu item.
- If you want to return to the e-Manual, press the E-MANUAL button on your remote.
- You can not use the Try Now function if the menu is not activated.

### Screen Display

TV Screen: Displays the program, movie, video, etc. you are currently watching.

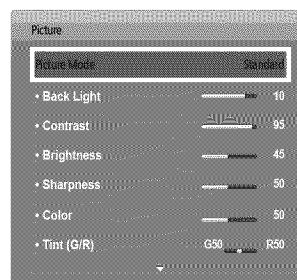

The category list. Press ◀ or ▶ button to select the category you want.

Displays the sub-menu list. Use the arrow buttons on your remote to move the cursor. Press the ENTER button to select the sub-menu you want.

#### Operation Buttons:

- Blue (Index): Displays the index screen.
- Enter: Select a category or sub-menu.
- Exit: Exit the e-Manual.

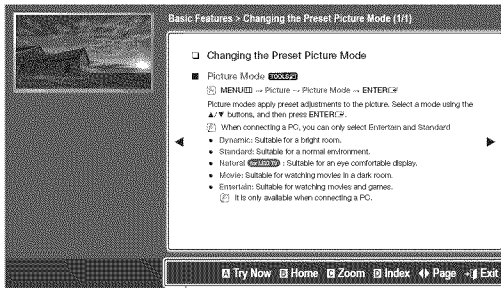

### How to toggle between an e-Manual topic and the corresponding OSD menu(s).

This function is not enabled in some menus.

Method 1	Method 2
<ol style="list-style-type: none"> <li>1. If you want to use the menu that corresponds to an e-Manual topic, press the red button to select Try Now.</li> <li>2. To return to the e-Manual screen, press the E-MANUAL button.</li> </ol>	<ol style="list-style-type: none"> <li>1. Press the ENTER button when a topic is displayed. "Do you want to execute this?" appears. Select Yes, and then press the ENTER button. The OSD window appears.</li> <li>2. To return to the e-Manual screen, press the E-MANUAL button.</li> </ol>

## Viewing the Contents

**Contents Area:** Contains the topic contents if you selected a sub-menu. To move to the previous or next page, press the ◀ or ▶ button.

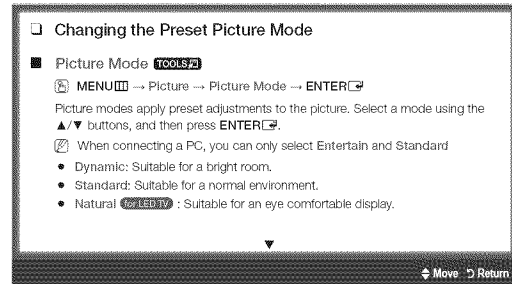

### Operation Buttons:

- ◻ Red (Try Now): Press to display the OSD menu that corresponds to the topic. To return to the e-Manual screen, press the E-MANUAL button.
- ◻ Green (Home): Moves to the e-Manual home screen.
- ◻ Yellow (Zoom): Magnifies a screen.
- ◻ Blue (Index): Displays the Index screen.
- ◀▶ (Page): Moves to the previous or next page.
- ◻ Exit: Exit the e-Manual.

## Using the Zoom mode

When you are viewing an e-Manual instruction page, press the ◻ Yellow (Zoom) to magnify the screen. You can scroll through the magnified screen by using the ▲ or ▼ buttons.

✎ To return the screen to normal size, press the RETURN button.

## How to search for a topic on the index page

1. Press the Blue (Index) button on the remote. The Index screen appears.
  2. To search for a topic, press the left or right arrow button to select a letter. The Index displays a list of topics and keywords that begin with the letter you selected.
  3. Press the up or down arrow button to select a topic or keyword you want, and then press the ENTER button to view the topic you want to see.
  4. The e-Manual page with the topic appears.
- ✎ To close the Index screen, press the RETURN button.

## Troubleshooting

If the TV seems to have a problem, first review this list of possible problems and solution. Also review the Troubleshooting Section in the e-Manual. If none of the troubleshooting tips apply, visit [www.samsung.com/support](http://www.samsung.com/support) or call Samsung customer Service.

Issues	Solutions and Explanations
Flickering and Dimming	<p>If your Samsung Television is flickering or dimming sporadically, you may need to disable some of its energy efficient features like the <b>Eco Sensor</b> or the <b>Energy Saving</b> feature. Follow the steps below with your remote to turn these features off or on.</p> <ul style="list-style-type: none"> <li>• <b>Energy Saving:</b> User Menu → System → Eco Solution → Energy Saving</li> <li>• <b>Eco Sensor:</b> User Menu → System → Eco Solution → Eco Sensor</li> </ul>
Screen Color Wrong	<p>If the color on your Samsung television's screen is not correct or black and white, first run a Self Diagnosis on the TV to make sure there are no device issues.</p> <ul style="list-style-type: none"> <li>• <b>Self Diagnosis:</b> User Menu → Support → Self Diagnosis → Picture Test</li> </ul> <p>If the problem does not appear in the Test Picture, making sure :</p> <ul style="list-style-type: none"> <li>• Your connections are all consistent. For example, if you've used the AV In jack on your TV, make sure you have used the AV Out jack on your video source.</li> <li>• You have connected your devices to the correct jacks. For example, if you use the Component jacks, labeled Pb, Pr, and Y, to connect your TV and video source, make sure you have connected the blue Pb jack on the video source to the blue Pb jack on the TV, the red Pr jack on the source to the red Pr jack on the TV, and the yellow Y jack on video source to the yellow Y jack on the TV.</li> </ul>
Screen Brightness	<p>If the colors on your Samsung TV are correct but just a little too dark or bright, try adjusting the following settings in the Picture option of the Main menu:</p> <ul style="list-style-type: none"> <li>• <b>Back Light, Contrast, Brightness, Sharpness, Color, Tint (G/R)</b> and so on.</li> </ul>
Unwanted Powering Off	<p>If your Samsung TV appears to turn off by itself, there may be an issue with either your Timer settings or your Eco friendly <b>No Signal Power Off</b> feature.</p> <p>First make sure the <b>Sleep Timer</b> is not accidentally set. The sleep timer turns the TV off after a certain period of time.</p> <ul style="list-style-type: none"> <li>• <b>Sleep Timer:</b> User Menu → System → Time → Sleep Timer</li> </ul> <p>If the <b>Sleep Timer</b> is not activated, you may have engaged the <b>No Signal Power Off</b> or <b>Auto Power Off</b> feature. To turn these features off, follow the steps below with your remote.</p> <ul style="list-style-type: none"> <li>• <b>No Signal Power Off :</b> User Menu → System → Eco Solution → No Signal Power Off</li> <li>• <b>Auto Power Off:</b> User Menu → System → Eco Solution → Auto Power Off</li> </ul>
Trouble Powering On	<p><b>Before you turn the TV on, find the red light on the bottom right or left of your TV. Press the power button on the TV or remote. The light should blink about 5 times before the TV turns on.</b></p> <p>If you are having trouble powering on your Samsung television, there are a number of things to check before making a call to the service department.</p> <ul style="list-style-type: none"> <li>• If you are using the TV as a monitor and the stand-by light only blinks for a few seconds when you press the power button, your PC is in sleep mode. To take your PC out of sleep mode, press a key on your keyboard or move the mouse. Then try turning your TV on.</li> </ul> <p>If you're sure your power cord, remote control, and PC are functioning properly, you may be having a cable issue. If you have a cable or satellite box, your TV may appear to be off because the cable or satellite box is not outputting a signal. To test the signal output of your cable or satellite box, press the guide or info button on the cable or satellite box remote control. If the screen displays the guide or info data, the problem is caused by the box.</p>
Cannot Find a Channel	<p>Re-run <b>Setup</b> (Go to Menu - System - Setup) or run <b>Auto Program</b>. (Go to MENU - Broadcasting - Auto Program).</p>

Issues	Solutions and Explanations
<p>Poor picture</p>	<p>First, perform the <b>Picture Test</b> and to see if your TV is properly displaying the test image.</p> <ul style="list-style-type: none"> <li>Go to <b>MENU - Support - Self Diagnosis - Picture Test</b></li> </ul> <p>If the test image is properly displayed, the poor picture may be caused by the source or signal.</p>
<p>The TV image does not look as good as it did in the store.</p>	<p>Store displays are typically tuned to digital, HD (high definition) channels.</p> <ul style="list-style-type: none"> <li>If you have an analog cable/satellite box, upgrade to a digital set top box. Use HDMI or Component cables to deliver HD (high definition) picture quality.</li> <li>Cable/Satellite subscribers: Try HD channels from the channel line up.</li> <li>Air/Cable Antenna connection: Try HD channels after performing an Auto program.</li> <li>Many HD channel programs are up scaled from SD (Standard Definition) content. Look for a channel that is broadcasting true HD content.</li> <li>Adjust the Cable/Set top box video output resolution to 1080i or 720p.</li> </ul>
<p>The picture is distorted: macroblock error, small block, dots, pixelization.</p>	<ul style="list-style-type: none"> <li>The compression of video contents may cause picture distortion, especially in programs with fast moving pictures such as sports programs and action movies.</li> <li>A weak signal can cause picture distortion. This is not a TV problem.</li> <li>Mobile phones used close to the TV (within 3.3 ft) may cause noise in the picture on analog and digital channels.</li> </ul>
<p>Color is wrong or missing.</p>	<ul style="list-style-type: none"> <li>If you're using a Component connection, make sure the component cables are connected to the correct jacks. Incorrect or loose connections may cause color problems or a blank screen.</li> </ul>
<p>There is poor color or brightness.</p>	<ul style="list-style-type: none"> <li>Adjust the Picture options in the TV menu. (go to <b>Picture Mode / Color / Brightness / Sharpness</b>)</li> <li>Adjust the <b>Energy Saving</b> option in the TV menu (go to <b>MENU - System - Eco Solution - Energy Saving</b>)</li> <li>Try resetting the picture to the default picture settings. (go to <b>MENU - Picture - Reset Picture</b>)</li> </ul>
<p>There is a dotted line on the edge of the screen.</p>	<ul style="list-style-type: none"> <li>If the picture size is set to <b>Screen Fit</b>, change it to <b>16:9</b>.</li> <li>Change the cable/satellite box resolution.</li> </ul>
<p>The picture is black and white.</p>	<ul style="list-style-type: none"> <li>If you are using an AV composite input, connect the video cable (yellow) to the Green jack of Component input 1 on the TV.</li> </ul>
<p>When changing channels, the picture freezes or is distorted or delayed.</p>	<ul style="list-style-type: none"> <li>If the TV is connected to a cable box, reset the box. (Disconnect and then reconnect the AC cord, and then wait until the cable box reboots. It may take up to 20 minutes.)</li> <li>Set the output resolution of the cable box to 1080i or 720p.</li> </ul>
<p>Sound Problem</p>	<p>First, perform the <b>Sound Test</b> to determine if your TV audio is operating properly.</p> <ul style="list-style-type: none"> <li>Go to <b>MENU - Support - Self Diagnosis - Sound Test</b></li> </ul> <p>If the audio is OK, the sound problem may be caused by the source or signal.</p>
<p>There is no sound or the sound is too low at maximum volume.</p>	<ul style="list-style-type: none"> <li>Please check the volume control of the device (Cable/Sat Box, DVD, Blu-ray, etc.) connected to your TV.</li> </ul>
<p>The picture is good but there is no sound.</p>	<ul style="list-style-type: none"> <li>Set the <b>Speaker Select</b> option to <b>TV Speaker</b> in the <b>Sound</b> menu.</li> <li>If you are using an external device, check the device's audio output option (Ex. You may need to change your cable box's audio option to HDMI if you have the box connected to your TV using an HDMI cable.)</li> <li>If you are using a DVI to HDMI cable, a separate audio cable is required.</li> <li>Reboot the connected device by disconnecting and then reconnecting the device's power cable.</li> </ul>
<p>The speakers are making an inappropriate noise.</p>	<ul style="list-style-type: none"> <li>Check the cable connections. Make sure a video cable is not connected to an audio input.</li> <li>For Antenna or Cable connections, check the signal information. A weak signal may cause sound distortion.</li> <li>Perform the <b>Sound Test</b> as explained above.</li> </ul>

Issues	Solutions and Explanations
No Picture, No Video	
The TV will not turn on.	<ul style="list-style-type: none"> <li>• Make sure the AC power cord is securely plugged into the wall outlet and the TV.</li> <li>• Make sure the wall outlet is working.</li> <li>• Try pressing the <b>POWER</b> button on the TV to make sure the problem is not the remote control. If the TV turns on, refer to 'Remote control does not work' below.</li> </ul>
The TV turns off automatically.	<ul style="list-style-type: none"> <li>• Ensure the <b>Sleep Timer</b> is set to <b>Off</b> in the <b>System</b> menu.</li> <li>• If your PC is connected to the TV, check your PC's power settings.</li> <li>• Make sure the AC power cord is plugged in securely to the wall outlet and the TV.</li> <li>• When you are watching TV programs from an antenna, the TV will turn off after 10 - 15 minutes if there is no signal.</li> </ul>
There is no picture/video.	<ul style="list-style-type: none"> <li>• Check the cable connections. (Remove and reconnect all cables connected to the TV and external devices).</li> <li>• Set your external device's (Cable/Sat Box, DVD, Blu-ray etc) video outputs to match the connections to the TV input. For example, if an external device's output is HDMI, it should be connected to an HDMI input on the TV.</li> <li>• Make sure your connected devices are powered on.</li> <li>• Be sure to select the correct source on the TV by pressing the <b>SOURCE</b> button on the remote control.</li> <li>• Reboot the connected device by disconnecting and then reconnecting the device's power cable.</li> </ul>
Antenna(Air / Cable) Connection	
The TV is not receiving all channels.	<ul style="list-style-type: none"> <li>• Make sure the coaxial cable is connected securely.</li> <li>• Run <b>Auto Program</b> to add available channels to the channel list. There are 3 options, <b>STD</b>, <b>HRC</b>, and <b>IRC</b>. Most cable systems use <b>STD</b>.</li> <li>• Verify the antenna is positioned correctly.</li> </ul>
No Caption on digital channels.	<ul style="list-style-type: none"> <li>• Check the <b>Caption Setup</b> menu. Try changing <b>Caption Mode Service1</b> to <b>CC1</b>.</li> <li>• Some channels may not have caption data.</li> </ul>
The picture is distorted: macroblock, error, small block, dots, pixelization.	<ul style="list-style-type: none"> <li>• The compression of video contents may cause picture distortion, especially in programs with fast moving pictures such as sports programs and action movies.</li> <li>• A weak signal can cause picture distortion. This is not a TV problem.</li> </ul>
Others	
Purple/green rolling horizontal bars and buzzing noise from the TV speakers with Component cable connection.	<ul style="list-style-type: none"> <li>• Remove the left and right audio connections from the set-top-box. If the buzzing stops, this indicates that the set-top-box has a grounding issue. Replace the Component video cables with an HDMI connection.</li> </ul>

Issues	Solutions and Explanations
The picture will not display in full screen.	<ul style="list-style-type: none"> <li>• HD channels will have black bars on either side of the screen when displaying up scaled SD (4:3) contents.</li> <li>• Black bars will appear on the top and bottom of the screen when you watch movies that have aspect ratios different from your TV.</li> <li>• Adjust the picture size option on your external device or change the TV to full screen.</li> </ul>
The remote control does not work.	<ul style="list-style-type: none"> <li>• Replace the remote control batteries. Make sure you insert them with the plus and minus ends in the correct direction.</li> <li>• Clean the transmission window located on the top of the remote control.</li> <li>• Try pointing the remote control directly at the TV from 5~6 feet away.</li> </ul>
The cable/set top box remote control does not turn the TV on or off, or adjust the volume.	<ul style="list-style-type: none"> <li>• Program the Cable/Set top box remote control to operate the TV. Refer to the Cable/Set top box user manual for the SAMSUNG TV code.</li> </ul>
A " <b>Mode Not Supported</b> " message appears.	<ul style="list-style-type: none"> <li>• Check the supported resolution of the TV and adjust the external device's output resolution accordingly. Refer to resolution settings in this manual.</li> </ul>
<b>Caption</b> on the TV menu is greyed out.	<ul style="list-style-type: none"> <li>• You cannot select <b>Caption</b> in the TV menu when watching content from a device connected via HDMI or Component.</li> <li>• Turn on the <b>Caption</b> function of the external device.</li> </ul>
There is a plastic smell from the TV.	<ul style="list-style-type: none"> <li>• This smell is normal and will dissipate over time.</li> </ul>
TV <b>Signal Information</b> is unavailable in the <b>Self Diagnosis Test</b> menu.	<ul style="list-style-type: none"> <li>• This function is only available for digital channels the TV receives from an Antenna / RF/Coax connection.</li> </ul>
TV is tilted to the right or left side.	<ul style="list-style-type: none"> <li>• Remove the stand base from the TV and reassemble it.</li> </ul>
The <b>Broadcasting</b> menu is greyed out (unavailable).	<ul style="list-style-type: none"> <li>• The <b>Broadcasting</b> menu is only available when you select the TV source.</li> </ul>
Your settings are lost after 5 minutes or every time the TV is turned off.	<ul style="list-style-type: none"> <li>• If TV is in the <b>Store Demo</b> mode, it will reset audio and picture settings every 5 minutes. To change the setting from <b>Store Demo</b> mode to <b>Home Use</b>, press the <b>SOURCE</b> button to select <b>TV</b> mode, and then select <b>MENU</b> → <b>Support</b> → <b>Use Mode</b>.</li> </ul>
You have intermittent loss of audio or video.	<ul style="list-style-type: none"> <li>• Check the cable connections and reconnect them.</li> <li>• Loss of audio or video can be caused by using overly rigid or thick cables. Make sure the cables are flexible enough for long term use. If mounting the TV to the wall, we recommend using cables with 90 degree connectors.</li> </ul>
The <b>PIP</b> menu is not available.	<ul style="list-style-type: none"> <li>• <b>PIP</b> functionality is only available when you are using an HDMI or Component source.</li> </ul>
You see small particles when you look closely at the edge of the frame of the TV.	<ul style="list-style-type: none"> <li>• This is part of the product's design and is not a defect.</li> </ul>
The POP (the TV's internal banner ad) appears on the screen.	<ul style="list-style-type: none"> <li>• Go to <b>MENU</b> → <b>Support</b> → <b>Use Mode</b>, and then select <b>Home Use</b>.</li> </ul>
The message " <b>This file may not be played properly.</b> " appears.	<ul style="list-style-type: none"> <li>• This may appear because the content has a high bit rate. The content generally will play, but could experience some playability issues.</li> </ul>

- 🔧 Some functions and pictures shown in this manual are available on specific models only.
- 🔧 To keep your TV in optimum condition, upgrade to the latest firmware on the Samsung web site by USB (Go to [samsung.com](http://samsung.com) → Support).
- 🔧 This TFT LED panel uses a panel consisting of sub pixels which require sophisticated technology to produce. However, there may be a few bright or dark pixels on the screen. These pixels will have no impact on the performance of the product.

## Installing the Wall Mount (Optional)

### Wall or Ceiling Mounting

If you mount this product on a wall, it should be mounted only as recommended by the manufacturer. Unless it is correctly mounted, the product may slide or fall, causing serious injury to a child or adult, and serious damage to the product.

### Installing the Wall Mount Kit

The wall mount kit (sold separately) lets you mount the TV on the wall. For detailed information about installing the wall mount, see the instructions provided with the wall mount. Contact a technician for assistance when installing the wall mount bracket. Samsung Electronics is not responsible for any damage to the product or injury to yourself or others if you elect to install the wall mount on your own.

To order the wall mount, contact Samsung Customer Care.

### Wall Mount Kit Specifications (VESA)

Install your wall mount on a solid wall perpendicular to the floor. Before attaching the wall mount to surfaces other than plaster board, please contact your nearest dealer for additional information. If you install the TV on a ceiling or slanted wall, it may fall and result in severe personal injury.

#### NOTE

- Standard dimensions for wall mount kits are shown in the table below.
- Samsung wall mount kits contain a detailed installation manual and all parts necessary for assembly are provided.
- Do not use screws that do not comply with the VESA standard screw specifications.
- Do not use screws that are longer than the standard length or do not comply with the VESA standard screw specifications. Screws that are too long may cause damage to the inside of the TV set.
- For wall mounts that do not comply with the VESA standard screw specifications, the length of the screws may differ depending on the wall mount specifications.
- Do not fasten the screws too firmly. This may damage the product or cause the product to fall, leading to personal injury. Samsung is not liable for these kinds of accidents.
- Samsung is not liable for product damage or personal injury when a non-VESA or non-specified wall mount is used or the consumer fails to follow the product installation instructions.
- Do not mount the TV at more than a 15 degree tilt.
- Always have two people mount the TV on a wall.

Product Family	TV size in inches	VESA screw hole specs (A * B) in millimeters	Standard Screw	Quantity
LED-TV	58	400 X 400	M8	4

Remove the screws in the mounting holes before you install the wall mount.

Do not install your Wall Mount Kit while your TV is turned on. It may result in personal injury due to electric shock.

## Securing the TV to the Wall

**Caution:** Pulling, pushing, or climbing onto the TV may cause the TV to fall. In particular, ensure that your children do not hang over or destabilize the TV. Doing so may cause the TV to tip over, resulting in serious injuries or death. Follow all safety precautions provided on the included Safety Flyer. For added stability, install the anti-fall device for safety purposes, as follows.

### To prevent the TV from falling

Since the necessary clamps, screws, and string are not supplied, please purchase these additionally.

1. Drive the screws into the clamps and firmly fasten them onto the wall. Make sure the screws are firmly fixed to the wall.
2. Remove the screws from the center back of the TV, put the screws into the clamps, and then fasten the screws onto the TV again.
3. Connect the clamps fixed to the TV and the clamps fixed to the wall with a strong string and then tie the string tightly.
  - ✎ Verify all connections are properly secured. Periodically check connections for any sign of fatigue for failure. If you have any doubt about the security of your connections, contact a professional installer.
  - ✎ Install the TV near to the wall so that it does not fall backwards.
  - ✎ Connect the string so that the clamps fixed to the wall are even with or lower than the clamps fixed on the TV. Untie the string before moving the TV.

## Anti-theft Kensington Lock

A Kensington Lock is a device you can use to physically fix your TV in place when using it in a public place. You wrap the Kensington Lock's cable around a large, immobile object and then attach the lock to the Kensington slot on the back of the TV.

The appearance and locking method may differ from the illustration below depending on the manufacturer. Refer to the manual provided with the Kensington Lock for additional information on proper use. The Kensington Lock is not supplied by Samsung.

- ✎ Please find a "K" icon on the rear of the TV. A Kensington slot is beside the "K" icon.
- ✎ The position and color may differ depending on the model.

<Optional>

To lock the product, follow these steps:

1. Wrap the Kensington lock cable around a large, stationary object such as desk or chair.
  2. Slide the end of the cable with the lock attached through the looped end of the Kensington lock cable.
  3. Insert the locking device into the Kensington slot on the product.
  4. Lock the lock.
- ✎ These are general instructions. For exact instructions, see the User manual supplied with the locking device.
  - ✎ The locking device has to be purchased separately.

## Storage and Maintenance

- ✎ If a sticker was attached to the TV screen, some debris can remain after you remove the sticker. Please clean the debris off before watching TV.
- ✎ The exterior and screen of the product can get scratched during cleaning. Be sure to wipe the exterior and screen carefully using a soft cloth to prevent scratches.

Do not spray water directly onto the product. Any liquid that goes into the product may cause a failure, fire, or electric shock.

Clean the product with a soft cloth dipped in a small amount of water. Do not use a flammable liquid (e.g. benzene, thinners) or a cleaning agent.

*.wav	wav	wav	
*.mid *.midi	mid	mid	type 0 and type 1

## Important Warranty Information Regarding Television Format Viewing

See the warranty card for more information on warranty terms.

Wide screen format PDP Displays (with 16:9 aspect ratios, the ratio of the screen width to height) are primarily designed to view wide screen format full-motion video. The images displayed on them should primarily be in the wide screen 16:9 ratio format, or expanded to fill the screen if your model offers this feature, with the images constantly in motion. Displaying stationary graphics and images on the screen, such as the dark sidebars on non-expanded standard format television video and programming, should be limited to no more than 5% of the total television viewing per week.

Additionally, viewing other stationary images and text such as stock market crawls, video game displays, station logos, web sites or computer graphics and patterns, should be limited as described above for all televisions. Displaying stationary images for more than 5% of total viewing time can cause uneven aging of your PDP display and leave subtle, but permanent burned-in ghost images in the PDP picture. To avoid this, vary the programming and images, and primarily display full screen moving images, not stationary patterns or dark bars. On PDP models that offer picture sizing features, use these controls to view different formats as a full screen picture.

Be careful in the selection of television formats you use for viewing and the amount of time you view them. Uneven PDP aging as a result of format selection and use, as well as burned in images, are not covered by your Samsung limited warranty.

- SAMSUNG ELECTRONICS NORTH AMERICAN LIMITED WARRANTY STATEMENT**

Subject to the requirements, conditions, exclusions and limitations of the original Limited Warranty supplied with Samsung Electronics (SAMSUNG) products, and the requirements, conditions, exclusions and limitations contained herein, SAMSUNG will additionally provide Warranty Repair Service in the United States on SAMSUNG products purchased in Canada, and in Canada on SAMSUNG products purchased in the United States, for the warranty period originally specified, and to the Original Purchaser only.

The above described warranty repairs must be performed by a SAMSUNG Authorized Service Center. Along with this Statement, the Original Limited Warranty Statement and a dated Bill of Sale as Proof of Purchase must be presented to the Service Center. Transportation to and from the Service Center is the responsibility of the purchaser. Conditions covered are limited only to manufacturing defects in material or workmanship, and only those encountered in normal use of the product.

Exclusions include, but are not limited to, any originally specified provisions for in-home or on-site services, minimum or maximum repair times, exchanges or replacements, accessories, options, upgrades, or consumables.

For the location of a SAMSUNG Authorized Service Center, please call toll-free:

- In the United States : 1-800-SAMSUNG (1-800-726-7864)
- In Canada : 1-800-SAMSUNG

## Warranty Information

### SAMSUNG BRAND PRODUCTS

#### LIMITED WARRANTY TO ORIGINAL PURCHASER

This SAMSUNG brand product, as supplied and distributed by SAMSUNG and delivered new, in the original carton to the original consumer purchaser, is warranted by SAMSUNG against manufacturing defects in materials and workmanship for the limited warranty period shown in the table below.

Categories	Parts	Labor	Size	Service
LCD/LED TV	1 Year	1 Year	40"and Larger	Carry-In or In Home
			37"and Smaller	Carry-In
Plasma Display	1 Year	1 Year	All	Carry-In or In Home
Projector (Excluding Lamp **)	2 Year	2 Year	All	Carry-In or Pick up
PICO & LED Pocket Projector	1 Year	1 Year	All	Carry-In or Pick up

\* 90 days parts and labor for commercial use.

\*\* 180 Days after Purchasing and 600 Hours of Use Lamp on Projector.

This limited warranty begins on the original date of purchase, and is valid only on products purchased and used in the United States. To receive warranty service, the purchaser must contact SAMSUNG for problem determination and service procedures. Warranty service can only be performed by a SAMSUNG authorized service center. The original dated bill of sale must be presented upon request as proof of purchase to SAMSUNG or SAMSUNG's authorized service center.

SAMSUNG will repair or replace this product, at our option and at no charge as stipulated herein, with new or reconditioned parts or products if found to be defective during the limited warranty period specified above.

All replaced parts and products become the property of SAMSUNG and must be returned to SAMSUNG.

Replacement parts and products assume the remaining original warranty, or ninety (90) days, whichever is longer.

Certain products are eligible for In-home service at Samsung's discretion. To receive in-home service, the product must be unobstructed and accessible to service personnel. If during in-home service, repair cannot not be completed, it may be necessary to remove, repair and return the product. If in-home service is unavailable, SAMSUNG may elect, at our option, to provide for transportation of our choice to and from a SAMSUNG authorized service center. Otherwise, and for 37" and smaller LCD/LED TV, transportation to and from the SAMSUNG authorized service center is the responsibility of the purchaser.

This limited warranty covers manufacturing defects in materials and workmanship encountered in normal, and except to the extent otherwise expressly provided for in this statement, noncommercial use of this product, and shall not apply to the following, including, but not limited to: damage which occurs in shipment; delivery and installation; applications and uses for which this product was not intended; altered product or serial numbers; cosmetic damage or exterior finishes; accidents, abuse, neglect, fire, water, lightning or other acts of nature; use of products, equipment, systems, utilities, services, parts, supplies, accessories, applications, installations, repairs, external wiring or connectors not supplied or authorized by SAMSUNG which damage this product or result in service problems; incorrect electrical line voltage, fluctuations and surges; customer adjustments and failure to follow operating instructions, cleaning, maintenance and environmental instructions that are covered and prescribed in the instruction book; reception problems and distortion related to noise, echo, interference or other signal transmission and delivery problems; brightness related to normal aging, or burned-in images. SAMSUNG does not warrant uninterrupted or error-free operation of the product.

THERE ARE NO EXPRESS WARRANTIES OTHER THAN THOSE

LISTED AND DESCRIBED ABOVE, AND NO WARRANTIES WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, SHALL APPLY AFTER THE EXPRESS WARRANTY PERIODS STATED ABOVE, AND NO OTHER EXPRESS WARRANTY OR GUARANTY GIVEN BY ANY PERSON, FIRM OR CORPORATION WITH RESPECT TO THIS PRODUCT SHALL BE BINDING ON SAMSUNG. SAMSUNG SHALL NOT BE LIABLE FOR LOSS OF REVENUE OR PROFITS, FAILURE TO REALIZE SAVINGS OR OTHER BENEFITS, OR ANY OTHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES CAUSED BY THE USE, MISUSE OR INABILITY TO USE THIS PRODUCT, REGARDLESS OF THE LEGAL THEORY ON WHICH THE CLAIM IS BASED, AND EVEN IF SAMSUNG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOR SHALL RECOVERY OF ANY KIND AGAINST SAMSUNG BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE PRODUCT SOLD BY SAMSUNG AND CAUSING THE ALLEGED DAMAGE. WITHOUT LIMITING THE FOREGOING, PURCHASER ASSUMES ALL RISK AND LIABILITY FOR LOSS, DAMAGE OR INJURY TO PURCHASER AND PURCHASER'S PROPERTY AND TO OTHERS AND THEIR PROPERTY ARISING OUT OF THE USE, MISUSE OR INABILITY TO USE THIS PRODUCT SOLD BY SAMSUNG NOT CAUSED DIRECTLY BY THE NEGLIGENCE OF SAMSUNG. THIS LIMITED WARRANTY SHALL NOT EXTEND TO ANYONE OTHER THAN THE ORIGINAL PURCHASER OF THIS PRODUCT, IS NONTRANSFERABLE AND STATES YOUR EXCLUSIVE REMEDY.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. To obtain warranty service, please contact SAMSUNG at:
