### Your Pack Contains:

<p>Video Stand</p>	<p><b>A</b> Screw #8 x 5/8"</p> <p>16 Pcs. THT2Q0FB76B</p>	<p><b>B</b> Tool Required:</p>	
<p>Pin</p> <p>2 Pcs. TKC2Q25094</p>	<p><b>D</b> Hinge Metal Plate Screw</p> <p>4 pcs. TKC2Q25129</p>	<p><b>C</b> Caster</p> <p>1 Bag 4 Pcs. TBL2QA5118</p>	
		<p><b>E</b> Glass Door</p> <p>2 Pcs. TKG2Q59475-4</p>	<p>Phillips Screwdriver</p>

## STEP 1

### **Important:**

To prevent the shelf from falling out when installing the casters, it is important to keep the "shelf shipping protector" intact before turning the unit upside down.

- Lay the top of the stand on a soft surface (carpet) to avoid any damage to the unit.
- Install casters (C) to pre-drilled as shown, using screws (B).

## STEP 2

- Turn the TV stand back to the upright position.
- Remove shelf shipping protectors.

## **STEP 3** Glass Door Installation (Left glass door installation shown)

- 3-1 • Apply hinge metal plates (E) to the glass door (F) on the same side of the glass as the touch plate as shown.
- 3-2 • Slide the glass door (F) into the top and bottom hinges.
- 3-3 • Tighten the screws to fit against the hinge metal plates (E).  
Repeat the same procedure for the right side glass door installation.

**Note:** The glass door can be levelled by loosening the hinge metal screws (E).

# STEP 4

- Insert pins ① as shown.
- Place television set on the stand making sure the holes on the bottom of the television line up with the pins on the stand.

### To maintain appearance we recommend the following:

**For Painted Surfaces:** Use a damp cloth for cleaning. Do not use any abrasive or chemical based cleaners.

**Vinyl:** Vinyl does not need polishing and is remarkably resistant to almost any stain.

- **Scuff Marks:** Most scratches and scuffs can be removed with fine steel wool and furniture wax.
- **Stains:** A sponge, dipped in warm, soapy water and used to wipe lightly over vinyl will remove most stains.

*For improvement purposes, design and specifications are subject to change without notice.*
