EZ FLEX FLEXIBLE FILTER

The New **EZ FLEX** Filter is the perfect solution to all of your replacement filter needs. Its easy assembly saves time and the collapsed packaging allows you to store up to 10 filters in the truck as compared to 2 cartridges. **EZ FLEX** serves as a replacement for several cabinets in nominal 16" x 25" and 20" x 25" sizes.

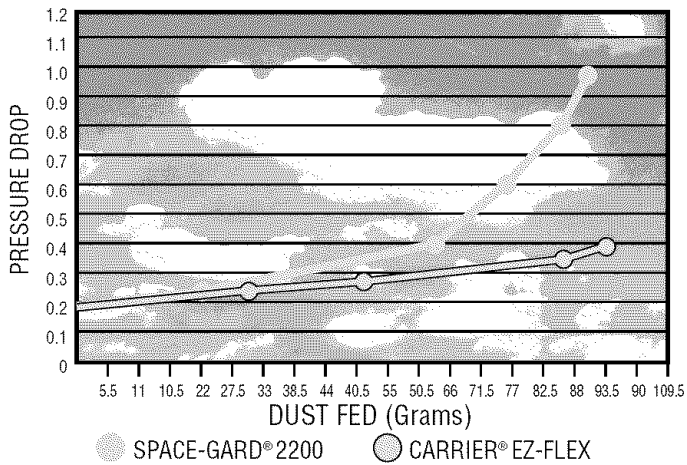

Features:

- **EZ** to assemble...
 - saves up to 99% on assembly time
 - no combs
- **FLEXible** (replaces competitors)
 - MPKA Media Cabinet
 - MACA Media Cabinet
 - Honeywell, Space-Gard, Trion
- MERV 10
- Pressure drop @ 1600 CFM = .265
- Patent Pending

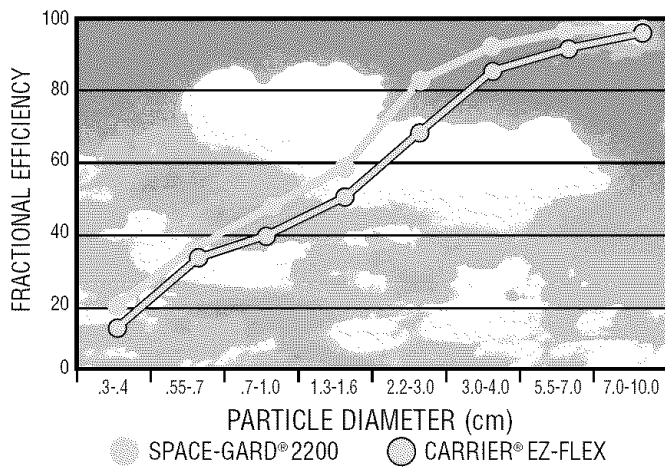

EZ-FLEX™ FLEXIBLE FILTER

DUST FED vs. PRESSURE DROP

FRACTIONAL EFFICIENCY vs. PARTICLE DIAMETER

Both tests done in accordance with ASHRAE Test Standard 52.2
By LMS Technologies, Inc., Bloomington, MN, USA

* The EZ-Flex kit includes the plastic end panels in the box.

** The media only can be used only if the filter has the end panels from a previous installation. These filters are direct replacements for EZ-Flex filter assemblies.

Easy 1-2-3 Installation!
